RE: Docket Number E-01933A-12-0291

Dear Chairman Stump and members of the Arizona Corporation Commission,

I'm a business owner in Tucson. To strengthen the business community, I strongly urge you to adopt the energy efficiency plan for TEP as part of the TEP rate case.

In addition to decreased energy bills through reduced demand, energy efficiency is a windfall for the local economy. Installing energy efficient appliances, weatherizing inefficient buildings, and conducting efficiency audits are all jobs that have to happen here, in my community. The multiplier effect of this investment will be a boon to my business and the larger business community.

Thank you so much for considering my comments.

Regards,

James Kuliesh
